I Disagree becase when you join the military you give it everything you've got. When you're enlisted in the ~~army~~ military you don't want to be there so you ~~Don't~~ Do your best. Any Americans that ~~Don't~~ ^{Doesn't} want to join the military shouldent be required to perform. The military went ~~for~~ some people. Some people aren't the fighting type so they do not have what it takes to kill someone. It is not fair to take men from there families.

Score Point: 1

This response reflects fundamental deficiencies in persuasive writing skills. The writer disagrees with requiring all Americans to perform military service and provides a list of key ideas to support this position (if you don't want to be there you don't do your best; some people aren't the fighting type; it is not fair to take men from their families). However, the only development is the explanation that some people do not have what it takes to kill. In addition, the response contains serious writing errors.
